nothing had been neglected. With men of intelligence, discrimination and ability in charge, each scene proved its worth, and not a single flaw, either in an adherence to the period in scenery and costumes or in the direction, was found. The coronation scene was stupendous; it equaled in splendor a real production, it was a masterpiece. The mob scenes in the streets of Strelau, and the gala procession to the Hall of State, were magnificent. These scenes particularly were the more noticeable to those who had witnessed the speaking version, for they were produced in detail on the silent stage, which was impossible in the production of the legitimate stage.

Mr. Hackett's acting before the camera was the artistic vivid portrayal that was expected of him. At no time throughout the four reels did he forget the medium and the millions to which his characterization would be subjected. He seemed to keep his mind every moment that he was before the camera, the most merciless critic in the world, and he put forth his best effort, which readily was realized by the audience. He did not spare himself in the least, he enjoyed the real work, in fact, and when the last reel had been run the audience felt it.

The Bijou is showing a Kalem two reel special feature war story. It is an extra good one, based on an actual battle in the Boer war and produced by a director who participated in the actual encounter. A pretty love story runs throughout the several exciting scenes. The Edison feature shows Miss Mabel Trunelle, the motion photo play artist, who is attracting more attention than any other lady on the stage, today ably assisted by Mr. Herbert Fryor, a finished actor. This picture, "The Man from the West," gives great scope for the talents of this famous couple. A Lubin drama is the fourth reel, a finished piece of work. As the title denotes, "Back to the Primitive," it allows great scope for finished acting. It is an Indian story. The usual special prices are charged today.

On account of the wreck of a train at Fleming yesterday the actors could not get here, but they will show at the Odeon for the remainder of the week. For this evening there will be a big, two reel feature, "The Tool of Fear," a thrilling drama that will hold your attention from start to finish. The Odeon Weekly with scenes of Clarksburg in connection with the regular reels will be shown.

Northern Baptist convention in session here.

"The Japanese people want no trouble with the United States," said Mr. Franklin, "unless the trouble is forced on them in defense of what they consider their national honor. The Japanese newspapers are absolutely fair in their report of news of a religious or moral nature. Their libraries are stocked with the best books in the world. With all the earnestness that I can command I say that the Japanese are entitled to the respect and confidence of the world. We condemn in the Japanese the very traits on which Americans and Englishmen pride themselves. In fact, the Japanese are known everywhere as the 'Yankees of the East.'"

In connection with the city's progress, next to the new high school building, an up-to-date Young Men's Christian Association building should be of interest and have the support of all.

There are 3,000 pledged members of the association as the result of a recent highly successful campaign for members and the general interest has become special. Those in charge of the movement together with all identified with it as well as residents generally are looking forward to the time when the association will occupy its home and heart divide physical, mental and heart culture and development facilities for the young men of the community.

in wages. We have nothing to do with the manufacturers' intentions but we feel that the great reduction in cotton manufactures will throw many men out of work. If the duties on the finer grades of cotton are cut it will put a heavy drain on the capitalization of the mills. I do not think the cotton mills are overcapitalized but the workmen do fear that men will be thrown out of work because the manufacturers cannot meet foreign competition if the duties are too low.

MOTHERS OF PUNY CHILDREN

May Find Help in This Letter.

"My little daughter, ever since her birth had been frail and sickly, and was a constant source of worry. Several months ago I secured a bottle of Vinol and commenced to give it to her. I soon noticed an improvement in her health and appearance. She gave her in all three bottles and from the good it has done her I can truly say it will do all you claim." J. Edmund Miller, New Haven, Conn.

The reason Vinol builds up weak, ailing children so quickly is because it contains in a delicious combination the two most world-famed tonics—i. e., the strength creating, body building elements of cod liver oil, with all the useless grease eliminated, and tonic iron for the blood added. Try Vinol on our offer to return your money if it fails to benefit your little one. Stone & Mercer, Druggists, Clarksburg, W. Va.

P. S. If you have Eczema try our Saxo Salve. We guarantee it.—Advertisement.

THE CITY WATER TODAY

Subjoined is today's official report of the condition of the city water, in connection with which the city water works and sewerage board authorizes the following statement:

The board wishes every citizen to know the benefits of the pure, clear water supplied to them. It urges Clarksburgers to use it freely in the coming summer as the sewerage, dust, dirt and sulphur that find their way into the wells and surface water from which many are still drinking are of the greatest danger to the public health.

The board also wishes every citizen to know that the clear water supplied is the result of long years of experience of able men and that the board is doing all in its power to give the benefit of that experience.

Following is today's test for fever and other germs as made by Perkins Boynton:

THE THEATERS

"The Prisoner of Zenda," will be the great attraction at the Robinson Grand theater Monday and Tuesday afternoons and nights. The popularity of the same is shown by the following from the State Journal at Parkersburg, where the show is this week:

That the Parkersburg public is alive to the best in theatrical entertainment and is willing, anxious even, to patronize a high class production, was demonstrated last night when James K. Hackett in "The Prisoner of Zenda" was shown at the Camden theater in motion pictures. More than 4,000 persons witnessed the pictures yesterday, probably the largest audience that ever attended a performance of any sort in a theater in this city.

Produced by the Famous Players Film Company, under the direction of

Daniel Frohman, "The Prisoner of Zenda" is one of the greatest pictures ever made for the screen. It was evident to every person who saw the production that from beginning to end
